

Kudos for We Find Houses

GOLD Coast-based national property investment and advisory firm We Find Houses has been crowned winner in the Buyer's Agent category of the Investor's Choice Awards.

Property investors across Australia had their say on their ultimate property A-team and revealed their choices of the industry's most trusted professionals, with We Find Houses coming out on top.

More than 7000 votes were received across 12 categories, including mortgage brokers, buyer's agents, property managers and property educators.

We Find Houses director Paul Wilson said the initiative was a great resource for investors looking to find the most highly recommended businesses across the country.

"Helping people find the right property for them is what we thrive on," he said. "Winning this award presents another opportunity for us to show investors how we can help them succeed in property."
